PROJECT DESIGN PHASE-1

Proposed solution Template

Date	24/09/2022
Team ID	PNT2022TMID50875
Project Name	Skills/Job Recommendation
Maximum Mark	2 Mark

Proposed Solution Template:

Project team shall fill the following information in the proposed solution template.

S.No.	Parameter	Description
1	Problem statement	• Having lots of skills but wondering which job will best suit you? Don't need to worry! We have come up with a skill recommender solution through which the fresher or the skilled person can log in and find the jobs by using the search option or they can directly interact with the chatbot and get their dream job.
2	Idea/Solution Description	• The user interacts with the application. • Registers by giving the details such as Name, Email id, Location, Resume etc., • An alert is sent when there is an opening based on the user skillset. • Users will interact with the chatbot and can get the recommendations based on their skills.
3	Novelty/Uniqueness	• Increase user engagement with the help of chatbot. • User Friendly
4	Social Impact/User Satisfaction	• We can find jobs in our preferred location. • Helps in interaction between companies and the user.
5	Business Model	• We can collaborate with the companies, they can utilize this application to hire eligible candidates.
6	Scalability of the Solution	• Staying updated on professional font. • Secure and products the privacy of the user.
